Term Four

April to June 2024

Primary 5W

Miss Watson

It is hard to believe that we are now in our final term of this academic year. I am hopeful that the sunshine will make an appearance and lift the temperatures. Whenever possible, we will be doing our PE sessions outside and making use of our outside spaces. Please ensure that your child has water to drink and is wearing appropriate sun protection, especially if they are prone to burning. We have a lot to look forward to this term. Health Week and Sports Day are still being organised and we will be in touch with these dates as soon as they are confirmed.

Literacy and Language

In writing, we will continue to learn about narrative writing. The children are trying hard to make their writing more detailed and descriptive, which is great to see. We will also learn about letter writing and report writing. In grammar, we will learn about synonyms, commas in a list and paragraphs. We will continue to read a variety of texts for information and we will continue to develop our comprehension skills.

Number Processes and Beyond Number

This term we will continue to learn about fractions, decimals and percentages. We will also learn about measurement and data handling. We will continue to explore mental and written calculations for addition, subtraction, multiplication and division.

Other Curricular News

In Science, we will be investigating floating and sinking. We will learn how 'The Water Cycle' works and learn the correct terminology. We will also learn about the effects of fertilisers on the growth of plants and identify the risks and benefits of their use. In Health and Wellbeing, we will learn about the dangers of smoking. We will also learn about 'living and growing'. Outdoor learning will continue every second Friday. **Please ensure children are dressed appropriately for this and that they bring a spare change of clothes.** Recorder will also continue every Friday.
